

## **Weekly Estate Bulletin – Golden Lane Estate.**

**Week ending 12 February 2016**

### **Estate Matters:**

#### **Parking**

We are currently experiencing a daily shortage of parking spaces in the main car park during office hours due to heavy contractor use. Therefore, we would ask residents to try and avoid unnecessary visitor parking during normal office hours Monday to Friday.

#### **Contractor Key Access**

Our repairs and maintenance contractors - Wates Living Space - have informed us that residents will need to be available and at home for repair work to be undertaken.

They will not be collecting keys or using spare keys left at the estate office.

### **Communal Repairs:**

#### **Crescent House**

Loss of communal lighting on ground, 1<sup>st</sup> and 2<sup>nd</sup> floors and at rear of shops – Reported to the Barbican repairs section on 11 February 2016.

#### **Hatfield House**

Hot water coming through cold taps within several flats – Reported to the Barbican repairs section on 11 February 2016.
