

Weekly Estate Bulletin – Golden Lane Estate.

Week ending 15 April 2016

Estate Matters:

Weekday Parking

We are currently experiencing extremely high levels of parking in the main car park outside Great Arthur House during normal working hours. As a result of this it is proving very difficult to accommodate every vehicle. Therefore, we would ask those residents who do not have allocated car spaces to avoid unnecessary visits.

Great Arthur House:

Security

In the last week there was a report of an individual climbing the scaffolding outside Great Arthur House. This is a health and safety issue and carries a risk of death. Please be vigilant and report any suspicious behaviour or concerns on the estate to the Police at Wood Street as soon as possible (02076012222).

Bulk Waste Disposal

There has recently been an increase in the use of the bulk waste areas to dispose of unwanted household items. Please make sure your items are placed tidily and safely in the correct area. Remember – paint must be wrapped in a secured bag and placed in the general waste paladins. Please check the signage and only put the items allowed out for collection.

Dates for Your Diary:
